We are Crew, not passengers. We are a community that works together and learns together to cultivate a culture of excellence and equity for all of our students and staff. We do this by staying focused on our school improvement plan and monitoring our progress throughout the year. Students have access to common core state standards-based learning opportunities across the content areas, highly effective student collaborative learning experiences, and social/emotional learning standards and lessons to prepare students with the critical thinking skills they need to become career, college and community ready.

School Principal: Nicole Schaefer

Equity Vision

The Toki community will work to recognize, examine and disrupt patterns of bias in order to empower all of our students to meet high expectations, to feel safe and included, and to achieve personal and academic excellence.

Strengths

The diversity of our student body is a key strength for Toki. Our Shared Leadership Team uses root cause analysis to problem-solve and create meaningful action steps focused on achieving our School Improvement end-of-year goals. Our staff demonstrates a high level of integrity, a desire to learn and implement best practices, and a commitment to teaming and problem-solving.

Progress

We have strong Toki Universal Practices to support student success. They are Crew, Daily Binders, Portfolios/Passages, and Student Led Conferences. We will continue to incorporate digital learning and digital citizenship into our practices. We express our work and ourselves through the MMSD Graduate Profile. Crew Lessons focus on the MMSD Graduate Profile as the basis for building a positive school culture of learning.

Area for Growth

Teams will continue to refine their collaborative practices around lesson planning and authentic team feedback. As a staff we will continue professional development as it relates to race & equity with the purpose of serving our school community. We will deepen our understanding and use of restorative practices as well as preventative strategies and interventions to maximize learning.

Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.
